| Response from Recipient (Describe Information Requested to the Level of Detail Requested; Provide Attachments as Needed): | <ol style="list-style-type: none"> 1. ADF&G does not have any post 2010 satellite or GPS collar location data for bears in the area noted. We suggested that you contact the National Park Service or U.S. Geologic Survey Alaska Science Center who have been doing work with collared bears on the AK Peninsula. 2. ADF&G does have post 2010 data, however, all specific location information is protected by AS 16.05.815(d) and cannot be released without a data sharing agreement or contract with the ADF&G. 3. Its possible ADF&G may have data as it pertains to the Mulchatna caribou herd and any movements collared animals may have made into the requested area. However, all specific location information is protected by AS 16.05.815(d) and cannot be released without a data sharing agreement or contract with the ADF&G. <p>The USACE can contact Todd Rinaldi (907)861-2105 within the ADF&G Division of Wildlife Conservations Palmer office to request and coordinate a Data Sharing Agreement that will specify the information released and the specific purposes, analysis and use of the data.</p> |
