

**RFI 097d
Pebble Project EIS**

Request for Information

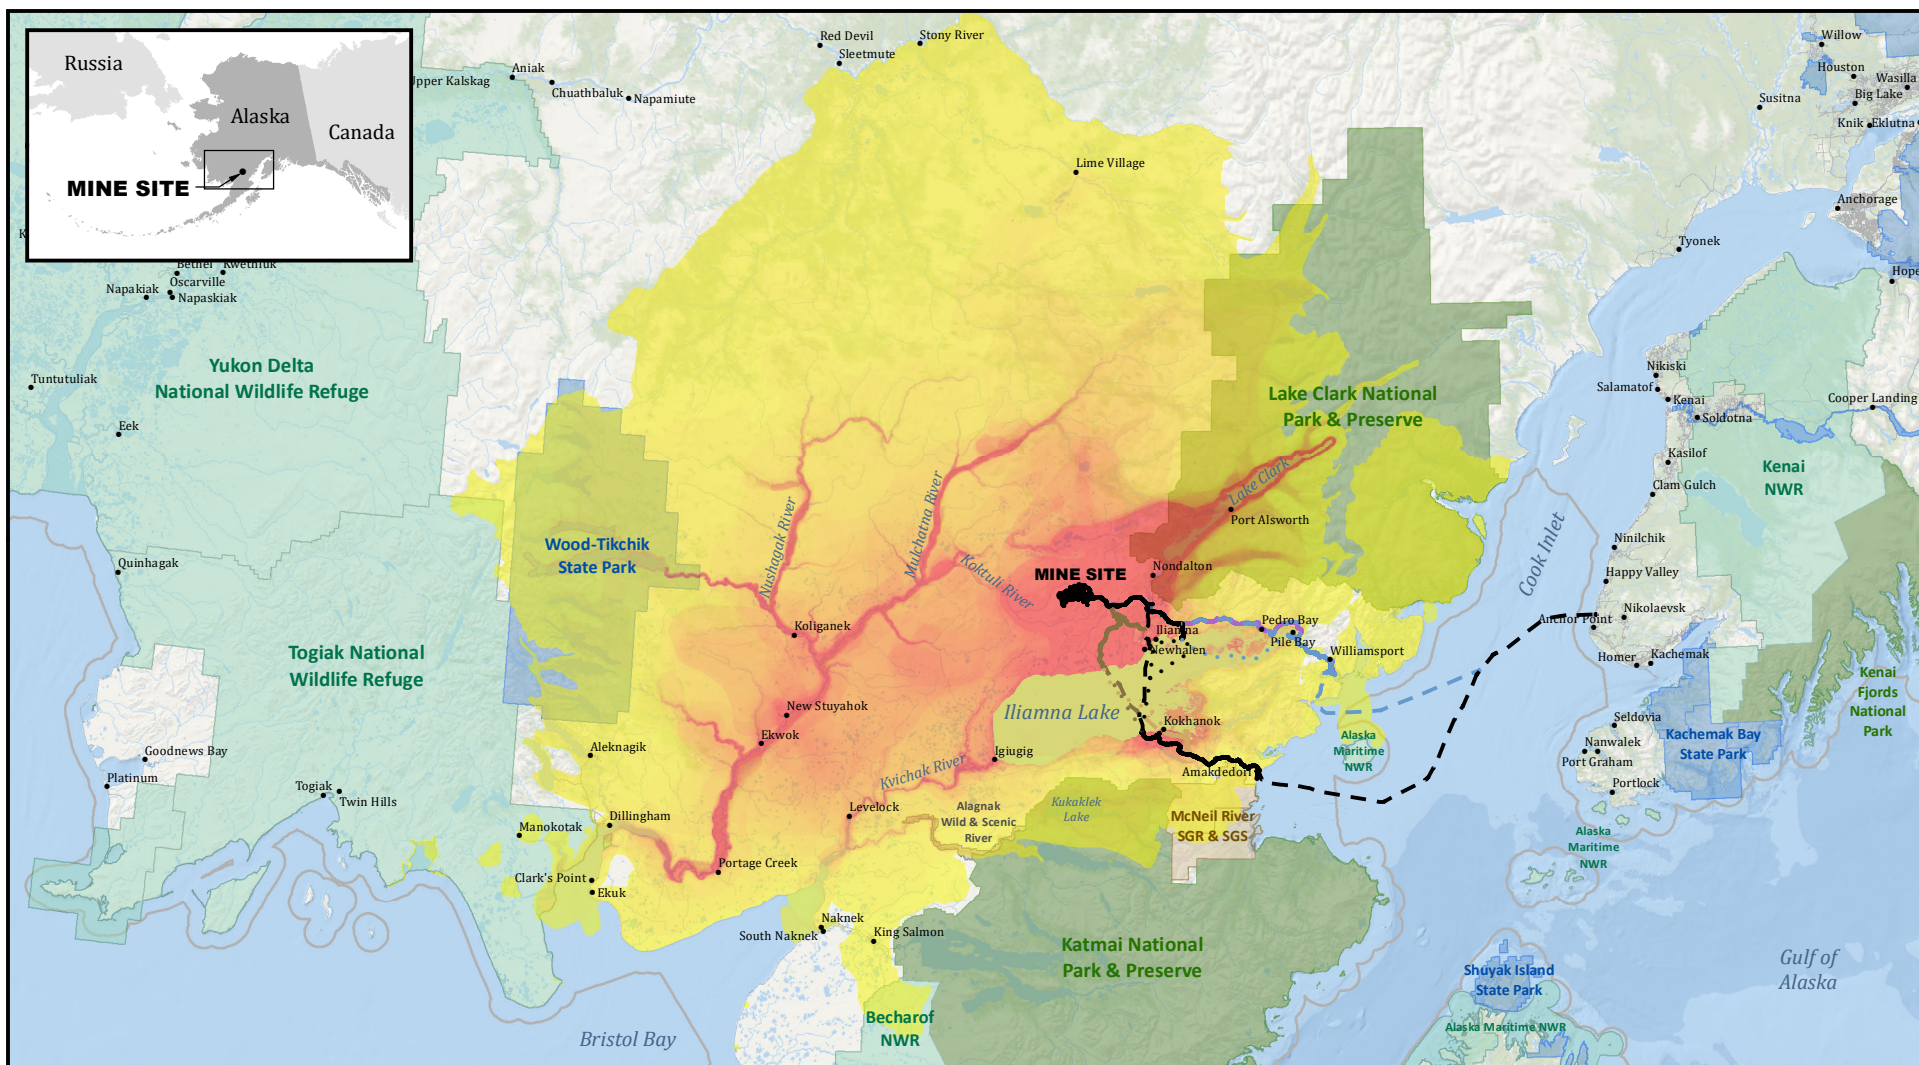

Title/Subject:	Updated Subsistence Figures
Requestor:	AECOM
Date Transmitted:	5/12/2020
Recipient:	Pebble Limited Partnership (PLP)
Response Requested by:	5/22/2020
Rationale:	<p>PLP recently provided an updated project description and associated GIS footprint with optimizations to the Alternative 3 road corridor and port design/layout. As a result, figures previously developed by Stephen Braund and Associates (SRB&A) will need to be updated.</p> <p>The EIS figure template is too large to email, but can be downloaded at this FTP site URL: https://app.box.com/s/gv1514tkka3c9h15zgy940fhxqne0631</p>
Describe the Information Requested and Level of Detail:	<p>Please update the following list of figures using the EIS figure template. All figures should be 8.5x11 (no 11x17). All will be used in the public EIS document. These are figures that are in Chapter 23 of the EBD or the 2018 Subsistence Data Review and were re-created in the EIS template, with the project footprint (including all alternatives).</p> <p>Figure numbers and titles:</p> <ul style="list-style-type: none"> • Figure 3.9-1 Subsistence Use Areas • Figure 3.9-3 Subsistence Use Areas, All Resources – Iliamna • Figure 3.9-5 Subsistence Use Areas, All Resources – Newhalen • Figure 3.9-7 Subsistence Use Areas, All Resources – Pedro Bay • Figure 3.9-9 Subsistence Use Areas, All Resources – Nondalton • Figure 3.9-11 Subsistence Use Areas, All Resources – Iguigig • Figure 3.9-13 Subsistence Use Areas, All Resources – Kokhanok

Recipient Response Form

Date Received from USACE:	5/12/2020
Response from Recipient (Describe Information Requested to the Level of Detail Requested; Provide Attachments as Needed):	Please see attached figures.
List Number and Type of Response Attachments:	RFI-097d_Subsistence Use Area Figures_SRB&A_5-15-20.pdf
Date Returned to USACE:	5/19/2020
