FYI - I don't think we are tracking comments or the lack of on individual figures.

If there is a way to minimize the large amount of singular emails with attachments and combine for simplicity this would help in responses. The subject lines are vague at times but the original email this was attached to had these 8 attachments; 3_13_01_Pebble_Project_Area_Geology.pdf 1703K 3_13_02_Mine_Site_Surficial_Geology.pdf 1480K 3_13_03_Mine_Site_Bedrock_Geology.pdf 1360K 3_13_04_Bedrock_Blasting_Intervals.pdf 913K 3_15_01_Earthquakes_Active_Faults.pdf 536K 3_15_02_Seismic_Hazard_Map.pdf 4719K 3_15_03_Geotechnical Data Coverage.pdf 1022K 3_15_04_Active_Volcanoes.pdf 562K

I believe it was with respect to App K figures 4-9 and 4-10, but will confirm with BSEE.

John,
Please confirm my assumption is correct.

VR

Shane

Shane, I have conferred with staff and although not a required CA, BSEE has no initial comments for these sections.
