USACE Draft EIS\_CMMTs Due 1129

1. PLP EIS Appendix\_E: Appendix E, Table E-1: Permits, Approvals, and Consultations Required Legal Authority under BSEE has areas not under purview.

a. Title 33 falls under USCG not BSEE.

b. Consulted with Steve Pearson, Senior Preparedness Analyst, BSEE Oil Spill Preparedness Division; since this ROW pipeline is not considered a facility, PLP would not be required to supply a spill response plan to BSEE as denoted under the CFR listed (30:254.20-30).

Please reply with any further questions regarding this response should our understanding be in doubt. I will out of office 26-30 November for military duty, hence my early response.

Attached is Append E: Laws Permits Approvals and Consultations. If your agency has jurisdiction by law, please review the attached and, if needed, provide input by 11/29. If your agency does not provide input, it will be presumed that the list is inclusive and accurate. Thanks.
