Shane-

We have reviewed these sections, and have no comments at this time.

Kevin

All,

USACE and our third party contractors have been diligently trying to provide as much review time for DEIS sections as possible. For the first round of review of the preliminary draft chapters, USACE asked agencies to provide a high level review of the specific sections that directly addressed your special expertise as identified by USACE; we asked your teams to review for, "did we miss something and did we get it on the correct path for analysis".

In addition to the sections which USACE requested cooperating agencies' assistance, some cooperating agencies requested to review other portions of Chapters 3 and 4 in order to inform their review. Therefore, USACE intends to distribute the current version of all draft sections to all CAs, as they become available. When revising the draft EIS prior to public comment, USACE will consider those comments which are related to the CA's identified area of special expertise. Other comments related to the DEIS will be considered at the same time as the public's comments, after the Notice of Availability for the dEIS.

USACE intends to have all sections distributed to the CAs by 11/09/2018 and intends to request comments back by 11/21/2018. USACE has received general requests to extend the CA comment period. At this time, we do not anticipate extending the comment period.

This email initiates reviews of sections of the DEIS in more detail. We are providing the following sections for your review. We request comments from the agencies listed below, as these sections relate to areas that USACE has identified as within their special expertise.

Sec3.5-Recreation, 4.5-Recreation (CAs listed as EPA, NPS, USFWS, State of Alaska). There are no figures associated with these two sections.

Sec3.1-Intro to AE, K3.1 (tech appendix on TEK for Sec3.1), Sec 4.1-Intro to EC (CAs listed as EPA, USACE, State of Alaska). Section 3.1 has one figure listed in the TOC (watersheds map) that will be included in the DEIS version.

Please provide your comments on agency letterhead, either by mail or email, to [poaspecialprojects@usace.army.mil](mailto:poaspecialprojects@usace.army.mil) <<mailto:poaspecialprojects@usace.army.mil>> .

Respectfully,

Shane McCoy
